

## MOBILE GENERATORS OFFER THE POWER YOU NEED

For all your mobile power needs, H.O. Penn offers reliable Cat generators that are cost-effective and better for the environment. We can help you select a unit suitable for:

- Planned Maintenance During Plant Shutdowns
- Special Events
- Utility Power Outages
- Motion Picture Production Projects
- Disaster Recovery
- Prime Power
- Black Start Power Requirements
- Utility Load Management
- Construction Projects

Go Green, rent environmentally friendly Cat® Tier 4i generators today!

TEMPERATURE CONTROL • COMPRESSED AIR • POWER

## TEMPERATURE CONTROL

### TEMPERATURE CONTROL

H.O. Penn is a specialist in temperature control applications including heating, cooling and dehumidification. Chillers, air conditioners, cooling towers, heaters and dehumidifiers from H.O. Penn can help you through power failures, maintenance shutdowns, seasonal demand peaks or summer waves. We'll help you:

- Maintain optimum process temperatures for performance and profit.
- Cool work spaces to keep employees comfortable and productive.
- Control humidity in critical spaces.
- Create pleasant environments for parties and special events.

### CHILLERS

- Available in 30 to 1000-ton capacities
- Air cooled and water cooled chillers
- Environmentally friendly refrigerants
- Nominal and low temperature capabilities
- Full line of accessories (pumps, hoses, manifolds, etc.)
- NEMA 7 or purge units available to meet classified area requirements

### DX AIR CONDITIONERS

- Available in 1.1 ton to 90 ton (2.5" – 5" of static pressure)
- Environmentally friendly refrigerants
- NEMA 7 or purge units available to meet classified area requirements
- Units can be trailer mounted or skid mounted for easy transport and placement
- 20° – 40° Temperature differential from ambient
- Dehumidification
- Heat or cool

### TEMPERATURE CONTROL PRODUCTS & ACCESSORIES

- Air handlers
- Electric heaters
- Air ducts
- Circulation pumps
- Cooling towers
- Heat exchangers
- Desiccant dehumidifiers
- Spot coolers

## COMPRESSED AIR

### SULLAIR AIR COMPRESSORS

H.O. Penn Power Systems provides a comprehensive line of Sullair trailer mounted air compression equipment all powered by Cat Engines. These units, with discharge pressures ranging from 80 psi to 350 psi, use the respected Sullair rotary screw compressor, known for reliability and durability. Oil-free and oil-flooded models are available. Each unit has high/low pressure control valves, electronic engine controls and protective shutdown switches. Both diesel and electric drive units are available.

### DIESEL AIR COMPRESSORS

- Instrument Quality - 99.9% Oil Free, 375 cfm - 1600 cfm (100 psi - 150 psi)
- High Pressure - 375 cfm - 1550 cfm (200 psi - 500 psi)
- Oil Free - 100% Oil Free, 1500 cfm (100 psi - 150 psi)

### ELECTRIC AIR COMPRESSORS

- Fixed HP Industrial - 50 hp / 100 hp / 200 hp / 350 hp (100 psi - 150 psi)
- Variable Speed Industrial - 40 - 75 hp / 100 - 200 hp (100 psi - 150 psi)
- Oil Free Industrial - 100 hp / 200 hp (100 psi - 150 psi)

### COMPRESSED AIR PRODUCTS & ACCESSORIES

- Aftercoolers
  - Dryers
  - Filtration
  - Receiver tanks
  - Auxiliary fuel tanks
  - Manifolds
  - Air hoses
  - Boosters
- 1000 cfm - 3000 cfm  
(500 psi - 5000 psi)

## POWER GENERATION

### RENTAL POWER

H.O. Penn Power Systems offers a wide range of Cat® diesel-powered mobile generators rentals from 20 to 2000 kW. Rental units are available in sound attenuated, trailered packages for ease of mobility and quick dispatch. All rental units include on-board fuel tanks and can be equipped with paralleling capability, auto start/stop controls, and dual voltage. We also provide load bank rentals, cables and distribution boxes, liquid chillers, transfer switches, and auxiliary transfer switches. Factory-trained technicians are available for installing and removing your mobile generator.

### SMALL UNITS

| MODEL       | STANDBY POWER | PRIME POWER | LENGTH (IN) | WIDTH (IN) | HEIGHT (IN) |
|-------------|---------------|-------------|-------------|------------|-------------|
| XQ35        | 30kW          | 27kW        | 139.1       | 66.4       | 74.1        |
| XQ60        | 60kW          | 54kW        | 183.1       | 76.5       | 85.3        |
| XQ60-T4     | 60kW          | 54kW        | 159.8       | 67.9       | 76.6        |
| XQ100       | 100kW         | 90kW        | 194.74      | 76.5       | 101.5       |
| XQ125 (T4F) | 110kW         | 100kW       | 177         | 78         | 86          |

### MEDIUM UNITS

| MODEL      | STANDBY POWER | PRIME POWER | LENGTH (IN) | WIDTH (IN) | HEIGHT (IN) |
|------------|---------------|-------------|-------------|------------|-------------|
| APS150     | 150kW         |             | 213         | 84         | 109         |
| XQ200      | 200kW         | 182kW       | 237         | 88         | 101         |
| XQ230      | 230kW         | 210kW       | 246         | 100        | 113.5       |
| XQ230(T4F) | 230kW         | 182kW       | 234.6       | 86         | 92.4        |
| XQ300      | 300kW         | 275kW       | 246         | 100        | 113.5       |
| XQ350      | 350kW         | 320kW       | 283         | 102        | 126         |
| XQ400      | 400kW         | 365kW       | 274.8       | 102        | 132.13      |

### LARGE UNITS

| MODEL        | STANDBY POWER | PRIME POWER | LENGTH (IN) | WIDTH (IN) | HEIGHT (IN) |
|--------------|---------------|-------------|-------------|------------|-------------|
| XQ500        | 500kW         | 455kW       | 240         | 96         | 150         |
| XQ570(T4F)   | 500kW         | 455kW       | 282         | 96         | 150         |
| XQ800        | 795kW         | 725kW       | 360         | 96         | 162         |
| XQ1000       | 1000kW        | 910kW       | 360         | 96         | 114         |
| XQ1140       | 1000kW        | 910kW       | 492         | 98         | 161         |
| XQ2000       | 2000kW        | 1825kW      | 480         | 96         | 168         |
| XQ2000(4160) | 2000kW        | 1825kW      | 575.25      | 96         | 168         |

### LOAD BANKS

| MODEL            | RATING | VOLTAGE | WEIGHT (LBS) |
|------------------|--------|---------|--------------|
| Avtron Freedom   | 100kW  | 208-480 | 105          |
| Avtron Millenium | 400kW  | 208-480 | 785          |
| Avtron Patriot   | 700kW  | 208-480 | 1,150        |
| Cretschic        | 2640kW | 208-480 | 22,500       |
